Questions to Consider

1. What is the expected delivery time frame?
- Is there a specific event date?
2. What is the size?
3. What finishes are you interested in?
4. What shape are you interested in?
5. Is the coin enamel color-filled?
6. Is the art 2D or 3D?
- 2D art will be raised, but all angles are 90 degrees and level. 3D art will be rounded, curved and sculpted.
7. What quantity will you need?
- We offer minimums as low as 25.
8. Are you duplicating a similar coin?
9. Is there a tagline or slogan you want to add?

Once we have an understanding of what the design will be, we have our graphic artists start the artwork process. We will draft up an art approval proof which will be emailed to you. Once the proof is approved, we will start production and should have your coins manufactured within three to five weeks depending on the design and quantity.
